

## SUSTAINABLE PROCUREMENT

In 2022, we invited more than 400 global and local suppliers from five countries in which we operate to participate in the Supplier Sustainability Assessment Survey.

In 2022, 102 of our suppliers were included in our Sustainable Supply Chain program. 68% of our suppliers signed Kordsa Supplier Business Ethics Statement. We provided training on sustainable procurement to 87% of all supply chain employees across all locations. 2022, 53% of our global suppliers participated the survey.

In 2022, we reviewed our sustainable procurement KPIs and determined new indicators. As of 2022, our performance table follows.
